FOCUS RS

Go Further

Visionary. Ingenious. Remarkable.  
Every car bears his signature.

*Henry Ford*

**Fierce. Elemental.  
Awe-inspiring.**

Ford Focus RS sets the benchmark for driver exhilaration. The specially engineered 2.3-litre engine and innovative all-wheel drive system, deliver more responsive power with superior traction and agility. Designed to maximise your experience of road and track, the Ford Focus RS delivers the greatest satisfaction to drivers serious about performance.

Vehicle, features and accessories shown may vary from local specifications.

## Engineered to excel.

Developed by the Ford Performance team and powered by Ford's remarkable EcoBoost technology, the all-new Ford Focus RS achieves uncompromising power with impressive efficiency on the track.

Track shown is the Nürburgring

**FORD PERFORMANCE**

### Hairpin

The advanced AWD with torque vectoring control allows the car to maintain power through the bend, and grants you total confidence in cornering.

### Straight line

A slick race-inspired 6-speed gearbox allows you to keep the RS at optimum torque and power points, all the way up through the rev range and on to a top speed of 165 mph

### Long straight with crests

Full throttle over crests with slight turns can unstick other cars. Not the RS. The car's aerodynamics and advanced AWD are designed to keep it clamped to the track, even in the wettest conditions.

### Jumps

The jump here can utilise all suspension movement, rendering some cars momentarily undisciplined upon landing. But the advanced, race-inspired, stiffened Tenneco suspension fitted to the RS will help you to keep the car under your tightest supervision.

### Tightening bend

The high-performance braking system of the Ford Focus RS delivers outstanding deceleration from all speeds.

Vehicle, features and accessories shown may vary from local specifications.

## Disciplined power.

Ford Focus RS is equipped with advanced solutions for traction and handling delivering optimum performance across a range of conditions.

Watch the Focus RS in action

## Inner strength.

The high-performing character of RS is reflected throughout the car. A new flat-bottomed, leather-trimmed steering wheel enhances your performance driving experience. While the new signature RS Recaro seats, in partial-leather, form the centrepiece of the RS cockpit. (Unique Nitrous Blue bolsters illustrated, only come as standard with the Nitrous Blue body colour)

### EcoBoost 2.3 GTDi

The new 2.3-litre Ford EcoBoost engine for RS has been specially engineered for high performance. Its low-inertia twin-scroll turbocharger with intercooler and high-capacity compressor, allows for greater airflow and charge density. Together with an integrated exhaust manifold that maximises pulse energy to the turbine, the engine delivers improved emissions and fuel efficiency while increasing power output to 350 PS.

### AWD torque vectoring control

Provides superior traction for challenging conditions. A twin rear clutch vectoring system diverts up to 100% of rear drive torque to a single wheel during cornering if required. This produces greater traction while virtually eliminating understeer.

### Four active drive modes

Tailor your driving experience with a selection of drive modes, including Normal and Sport as road settings, or Track and Drift for circuit driving.

### Launch control

Developed for track driving, launch control lifts the torque limit in first gear, providing optimal traction and vehicle acceleration.

### Performance shift light

A flashing RS symbol helps you to optimise vehicle acceleration. Located within the rev gauge, the shift light indicates optimal up-shift performance-points and rev limits for each gear.

# Innovation through technology

Ken Block  
unique film

Painted Brembo  
calipers

The leading manufacturer of high performance braking components, Brembo is the perfect partner for the Ford Focus RS.

## Why choose Ford and Regent Motors?

Because we complement your good taste in automobiles with great service. Regent Motors is the exclusive authorized dealer of Ford automobiles in Singapore.

This means no one else can match our experience in providing the most comprehensive and reliable pre- and aftersales service.

When you choose Ford, you have the reassurance of knowing that your vehicle has been designed and manufactured to give you years of worry-free motoring. What's more, as a Ford owner, you can rely on a comprehensive range of customer care services from Regent Motors.

So you can be sure that you're talking to a specialist who'll listen to you, understand your problems and respond efficiently – someone who also has the expertise to maintain your Ford correctly, using factory-trained technicians, Ford Diagnostic Equipment and Ford Original Equipment Parts.

Vehicle, features and accessories shown may vary from local specifications.

## Comprehensive aftersales service

We do our utmost to ensure that nothing mars your drive in a Ford. Enjoy only the best and most professional factory-trained aftersales experience possible.

### Reliable warranty from manufacturer

We offer you a comprehensive warranty coverage for 5 years or 100,000km, whichever comes first.

### Vantage 24-Hour Assist

We know how important the mobility of your car is, and that suffering from a puncture, an electrical problem or an empty tank can be costly and inconvenient. That is why Vantage 24-Hour Assist offers an extensive range of benefits in Singapore and Peninsular Malaysia that are designed to afford assistance and protection to you, your passengers and your car in the event of a motoring emergency.

Our aim is to ensure that any inconvenience is kept to a minimum. A single phone call to 6473 8588 will connect you to a fully-trained coordinator who will offer you all possible assistance. Visit [www.regentmotors.com.sg](http://www.regentmotors.com.sg) to find out more.

### Airport drop-off service

Enjoy the convenience of having your car serviced even when you're out of town. Simply call to make an appointment, drive to the airport, fill in the form and drop it off together with your car keys at the Hertz counters found at Terminals 2 or 3. (Please note that off-peak surcharges and parking fees at any airport car park will apply. Any surcharges and parking fees incurred will be at your own expense.)

### Quick service

Our service centre offers an express service option that caters to your car's routine needs or any minor repairs such as headlight bulbs, battery replacements, wipers and blades.

### Specialist care

Our teams of Ford experts are always happy to offer you professional service. Qualified and trained to understand the unique workings of a Ford, they will recommend the best preventive measures for your car, helping you save time and money.

### Propriety servicing equipment

A Ford is a car that demands respect. Hence, we use only authentic, top-of-the-range diagnostic equipment and specially designed Ford tools to service it.

### Authentic Ford parts

Our service centres use only 100% genuine high-quality parts manufactured specially for Ford vehicles. This provides the best fit and long-term performance.

### Fully sheltered service centre

Our entire service centre is fully sheltered, keeping both you and your vehicle protected from both rain and shine.

### Convenient drop-off service

Drop off your car at your own convenience, even if it's after office or workshop operating hours. All you have to do is head to Basement 1 of Regent Motors, seal your car keys in the envelopes provided and fill in a form with your contact details, plus the services required and the servicing on your car will commence the following day.

### Relaxing environment

Waiting for your car to be serviced? Sit back and relax on our comfy couches over a cup of coffee, with snacks and other refreshments available. You can also enjoy the Internet and live TV entertainment.

### Car rental service from Hertz

In partnership with Hertz Singapore, Ford helps you access a car until your own is ready, with special rates starting from \$65.
